

AGN. NO. _____

MOTION BY SUPERVISOR DON KNABE

June 20, 2005

I am concerned about the lack of availability of psychiatric emergency beds throughout the County and the impact it has on law enforcement waiting times. Furthermore, I propose that the County continue to prioritize reducing the waiting time for all patients requiring psychiatric emergency beds.

I, THEREFORE, MOVE THAT the Director of Mental Health include in his report back the impact of this expenditure on law enforcement referral beds.
